

ADDING A WORD TO THE VOCABULARY

- ◆ Click Words on the DragonBar
- ◆ Click View/Edit on the menu
- ◆ Type the word to add in the Written form box

The image shows the 'Words' menu on the DragonBar and the 'Vocabulary Editor' dialog box. The 'Words' menu is open, showing options like 'New...', 'View/Edit...', 'Train...', 'Import...', 'Export...', and 'View Recognition History...'. The 'Vocabulary Editor' dialog box is open, showing a list of words including 'Chantix', 'chants', 'Chanute', 'Chary', 'Chao', 'chaos', 'Chaos', 'chaotic', 'chaotically', 'Chaoul', 'chap', 'Chapa', and 'chaparral'. The 'Written form' box contains 'Chantix'. The 'Spoken form (if different):' box is empty. The 'Add' button is highlighted. The 'Display' dropdown menu is open, showing options: 'All words', 'Custom words only', and 'Words with spoken forms only'.

- ◆ Click Add
- ◆ Train the word (3X)
 - Click Train
 - Click Go→Say the word you are training. (Do this three times.)
- ◆ Click Done
- ◆ Click Close
